All Nye products are warranted to be free of defects in materials and workmanship for a period of 2 years or 2,000 hours.
Specifications subject to change. → **nye.ca/terms**

Nye GP Excavator Buckets:

Specifically designed as a heavier alternative to OEM buckets in any size and capacity.

Exceeds most OEM specifications.

Extra thick AR400 and QT100 steel plates for maximum life and strength.

Available in both regular and long-lead "services bucket" patterns.

Custom patterns available, we work with our customers to develop new patterns specifically suited for their application.

Custom built to order for your specific machine, we do not use spacer bushings, shims, etc.

Excavator buckets also available in three other weight classes: HP, HD and UHD.

For more information call us at 905 897 2311 or visit: **nye.ca**.
