Nye UHD Excavator Buckets:

Specifically designed for aggressive digging and loading in the most abrasive environments.

Exceeds OEM specifications.

Extra thick AR400 and QT100 steel plates for maximum life and strength.

Available in both regular and long-lead "services bucket" patterns.

We have been in the business for over half a century and are best known for our heavy-duty buckets for larger excavators.

Excavator buckets also available in three other weight classes: HP, GP and HD.
