Nye PL1 Parallel Link Extension:

Useful for deep excavating, demolition and dredging.

No cutting, welding or extra hydraulics required.

Parallel link extension's simply pin to the end of an excavator's OEM stick.

120,000 psi Quenched and Tempered T1 structural steel plates, low hydrogen FCAW wire, hardened alloy pins and bushings throughout.

Parallel-link stick extension models for excavators ranging from 8 to 100 tons.

Nye builds all types of custom stick extensions.
