Nye ST Stick Extension:

Useful for deep excavating, demolition and dredging.

Standard stick extension’s simply pin to the end of an excavator's OEM stick using the existing bucket pin.

No cutting, welding or extra hydraulics required.

120,000 psi Quenched and Tempered T1 structural steel plates for maximum strength and minimum weight

Nye produces standard stick extension models for excavators ranging 15 to 100 tons.
